Kerrie Verhoeven
(Mike Pursell)

- Energy Level: 4/5
- How they met: Met Kerrie two years ago after a recent divorce. He was dancing with stubby in hand, she reached out, accidentally grabbed his stubby and it was love at first sight. At the end of the night, she slipped her number into his hand - and they've been together since.
- He's been reborn in recent years, trying things he'd never done before. Salsa dancing, jet skiing, tattoos,
- Recently drove his ute with one wheel nut on one wheel (unknowingly!).
- \$\$\$ - Last year, Mike bought a second hand jet ski. He finally had a chance to use it recently, and somehow broke it straight away. He now wants money to buy a brand new jet ski - hopefully enough money for two!
- \$ - Take the broken jet ski in to get serviced
